ABOUT THE BOOK

This ingenious and fascinating picture book depicts commonplace street scenes.

The child reader experiences each scene as a separate everyday moment. A baby tries to play a game, a burglar starts running down the street, a hairdresser spots on old customer, a dog catcher sneaks up on a stray dog.

Some scenes are funny, some exciting and some just intriguing.

The final page provides shows that these events have one thing in common: they're all happening simultaneously. On one street. In just one second.

As well as providing a colourful and entertaining streetscape for children to explore, this striking picture book also introduces the concept of Time to kids, and encourages them to consider all the things that are happening in just one second in their own world.

A bestseller across the Spanish-speaking world, its distinctive illustrations won *In Just One Second* the prestigious Daniel Gil international award for book design.
